Alex Petty

Enterprise AI advisory and coaching

Alex Petty / alexpetty.com

Singularics / singularics.com

I started as a software engineer and later co-founded a software company. Today I advise leaders bringing AI into the workforce and coach their teams through changes in skills, roles and daily work.

2015–present

Boston Agile / Singularics

Founder & principal consultant

Lead changes in portfolio governance, product delivery and AI adoption. Work with executives and teams from planning through implementation.

2016–present

Boston Agile Labs

Founder

Build software for portfolio management and public water data, alongside games and research in number theory.

2026–present

Fannie Mae Multifamily

Program lead & AI transformation advisor

Lead portfolio evolution with division officers and workstream leads. Design an operating model and coach product teams as they use it.

2025

T. Rowe Price

Transformation advisor

Facilitated a new operating model for the ETF organization across product, technology and operations.

2023–2025

FM Global

Transformation advisor

Introduced AI-assisted intake for strategic portfolios and coached product owners on specifications and acceptance criteria.

2022–2023

Freddie Mac Single Family

Transformation advisor

Led six Agile coaches in the Business Intelligence and Data portfolio and helped establish an AI capability lab.

2021–2022

Boston Consulting Group

Agile coach

Coached executives and delivery teams in Personal Productivity and helped introduce outcome measures.

2019–2021

Capital One

Agile coach

Worked with Credit Card executives on business and technology priorities and helped integrate acquired teams.

2017–2019

John Hancock Financial

Agile coach

Led the change in how the Long Term Care business unit worked. Coordinated with other coaches and developed training for leaders, product owners and delivery teams.

2016–2017

Massachusetts Department of Transportation

Agile coach

Coached leaders and helped build internal coaching capability at MassDOT and the MBTA.

2012–2016

U.S. Census Bureau

Agile coach

Founding member and co-chair of the Agile Center of Excellence. Received the Director’s Award for Excellence in Innovation in 2015.

2007–2011

AOL

Program manager & Agile coach

Managed video syndication partnerships and led Agile adoption across teams in Virginia and India.

2002–2007

Jaxara Software

Co-founder & CTO

Co-founded a software firm that grew to nearly 100 people and built and ran its hosted web conferencing product.

Education and credentials

BA, Organizational Management, University of Arizona Global Campus, 2019.

SAFe Program Consultant (SPC6), SAFe AI-Native, PMI Agile Certified Practitioner, ICAgile Coaching and Facilitation.
